

## OPJK Ontology Modeling

**UAB Institute of Law and Technology**

**22<sup>nd</sup>-23<sup>rd</sup> of September 2005**

Participants: Núria Casellas, Meritxell Fernández (IDT-UAB)  
Cristoph Tempich, Tatjana Litvina (University of Karlsruhe)  
Elena Paslaru Bontas (Free University of Berlin)

Objectives: Explain ontology learning process  
Instantiate ontology learning process with small example  
Work out work plan for Tatjana

Explain OntoCom  
Gather data for Legal Ontology 1  
Explain data gathering for cost estimation for ontology learning (Legal Ontology 2)

Thursday, 22<sup>nd</sup> of September

09:00 – 11:00

Ontology learning process

**11:00 Coffee break**

11:00 – 13:30

Ontology learning process

**13:30 – 15:00 Lunch**

15:00 – 18:00

Exemplify ontology learning process

Friday, 23<sup>rd</sup> of September

09:00 – 11:00

Ontology learning process : Clarify open issues.

**11:00 Coffee break**

11:00 – 13:30

Ontology learning process : Clarify open issues.

**13:30 – 15:00 Lunch**

15:00 – 17:00

Explain ontology cost estimation

16:00 – 17:00

Data gathering for ontology cost estimation

17:00- 18:00
